SHAIK ARHAM SAQUIB

Dublin, Ireland — +353858076267 — sarhamsaquib@gmail.com — Linkedin — Portfolio

PROFESSIONAL SUMMARY

IT and Business Intelligence professional with 2.5+ years of experience at Hitachi Digital Services, supporting enterprise applications, investigating production incidents and troubleshooting data processing workflows. Skilled in SQL-based investigation, root-cause analysis, issue escalation and technical documentation, with experience collaborating across technical and business teams. MSc Computing (Data Analytics) graduate from Dublin City University, with additional Tines Academy training in 3B Fundamentals and Monitor and Govern.

KEY SKILLS

- **Technical Support & Troubleshooting:** Enterprise Application Support, Production Incident Investigation, Root-Cause Analysis, Issue Diagnosis, Incident Escalation, Resolution Verification
- **Programming & Technical Fundamentals:** SQL, PL/SQL, Python, REST API Fundamentals, Data Validation
- **Systems & Monitoring:** Oracle ERP/EBS R12, Oracle BI (OBIEE/OBIA), Oracle Data Integrator (ODI), ETL Job Monitoring, Application Testing
- **Customer Support & Communication:** Email Support, Stakeholder Communication, Technical Issue Documentation, Shift Handover, Cross-Team Coordination
- **Tools & Documentation:** Oracle APEX, Excel, Power BI, Tableau, GitHub, Standard Operating Procedures (SOPs), Incident Reports

PROFESSIONAL EXPERIENCE

Data Analyst *Mar 2024 – Jul 2025*
Hitachi Digital Services | Hyderabad, India

- Monitored **Oracle ODI workflows, scheduled ETL jobs** and enterprise reporting applications, identifying production failures and processing issues.
- Investigated **production incidents**, failed data loads and reporting discrepancies using **SQL and PL/SQL** to identify root causes and support corrective actions.
- Troubleshot recurring processing failures, relaunched failed jobs where appropriate and **verified successful completion** through job status and data checks.
- Supported **month-end production operations**, including data-load monitoring, exception handling and validation of reporting outputs.
- Collaborated with global technical and business teams to investigate application issues, communicate progress and coordinate resolution.
- Improved recurring reporting and validation processes, contributing to an **approximately 25% reduction** in manual reporting effort.
- Received the **Hitachi Pinnacle Award** for execution excellence and collaboration.

ERP & Business Intelligence Analyst *Feb 2023 – Mar 2024*
Hitachi Digital Services | Hyderabad, India

- Supported **Oracle ERP/EBS R12** and business intelligence environments, monitoring scheduled processing and reporting activities.
- Used **SQL and PL/SQL** to investigate data integrity issues, troubleshoot reporting discrepancies and validate results against source records.
- Provided **on-call production support** by monitoring system alerts, identifying failed jobs and application issues, and escalating incidents to the appropriate technical teams.
- Monitored Oracle BI and ERP processing jobs, investigated failures and verified outputs after recovery.
- Assisted with **application testing, defect tracking** and verification of expected system behaviour.
- Prepared operational guides**, troubleshooting notes** and standard operating procedures **(SOPs)** to support daily activities and knowledge transfer.
- Coordinated with technical teams to **track production issues and communicate status updates**, ensuring timely escalation of unresolved problems.

Security Officer (Reception & Concierge Duties) May 2026 – Present
SOS Group | Dublin, Ireland

- Provide **reception, concierge and security services** across corporate and residential sites, assisting employees, visitors, residents and contractors.
- Handle **telephone calls, emails and in-person enquiries**, responding to service requests and escalating issues when required.
- Monitor CCTV and access-control systems, identify irregularities and escalate incidents when required.
- Maintain **incident reports, operational logs and shift handover documentation** to ensure continuity between teams.
- Coordinate with facilities teams, building management and contractors to address operational issues and service requests.

PROJECTS

OpsResolve AI | AI-Powered Enterprise Support Intelligence Platform

Live Demo: https://shaikarham.github.io/opsresolve-ai/

- Developed an independent **AI-assisted enterprise support project** using 200 fictional incidents and 26 SOPs to demonstrate incident tracking and classification.
- Designed **SLA-risk assessment, similar-incident search and SOP recommendations** to support structured investigation of technical support scenarios.
- Created troubleshooting summaries and escalation recommendations to demonstrate support documentation and decision-making.

XAI-Enhanced LLM-Based Agent for Residential Energy Load Scheduling

MSc Computing (Data Analytics) Practicum — Dublin City University

- Developed a residential energy forecasting and scheduling framework using **Python, XGBoost and Explainable AI** techniques.
- Trained and evaluated a prediction model, achieving an **R^2 score of 0.651** on held-out test data.
- Applied **SHAP** to interpret model predictions and explain factors influencing residential energy consumption.

EDUCATION

MSc Computing (Data Analytics) Sep 2025 – Aug 2026
Dublin City University, Dublin, Ireland

B.Tech in Computer Science Engineering 2019 – 2023
CMR Institute of Technology, Hyderabad, India

CERTIFICATIONS

- **Tines Academy – 3B Fundamentals** | November 2026
- **Tines Academy – Monitor and Govern** | November 2026
- Oracle Cloud Infrastructure 2023 AI Foundations
- IBM Cognos Analytics 12.0.0 Cloud Training
